Non-Partisan

Keep Alaska

The primary and underlying principle of the Non-Parti-

san movement in this division is fair play, and the right of

representation in the Territorial Legislature by all of the

factors and elements now working out our political and in-

the child of the fishing interests; it is not the instrument

of the mercantile and trading interests; it is not the crea-

tion of the professional class; and it is not the agent of the

laboring people. But it is the natural result of an earnest,

patriotic and characteristically Alaskan desire by people en-

gaged in all of these pursuits to keep the law-making of

Alaska clean and free from contamination by any preda-

tory or venal interest. Nor is it designed as a subtle means

of worming into the control of federal appointments, or

party dictation; for in its conventions and on its tickets are

men of all parties and every shade of political opinion. And

in matters of national or partisan interest these men are

perfectly free to follow their political beliefs without re-

straint or embarrasment. The only compact the Non-parti-

san nominees have with one another is that they will, if

elected, work shoulder to shoulder in an effort to give a

square deal to everybody, and legislate for the good of
